MEMO TO: FILE

RE: CHEMICAL RECOVERY

CC: Ernest Bartha, City Chemist
William Fullgrabe, Asst. Engineer
Vince Howard, Fire Prevention Bureau
Robert Steinke, Lab Technician

FROM: Robert Steinke

SUBJECT: Chemical Recovery Inspection

PRESENT: Robert Steinke, Elyria City Health Department
William Fullgrabe, Asst. City Engineer
Vince Howard, Fire Prevention Bureau
Jack Graves, State Fire Marshall

DISCUSSION:

Bob Steinke, Bill Fullgrabe, Vince Howard and Jack Graves checked Chemical Recovery and saw 2 men removing the oil boom. There was no oil absorbent material in the river before removing the boom.

We took a sample of run off water of waste tank in parking lot. (It was water pumped from sump pump of Chemical Recovery Floor).
